Copy of letter No. H.C.223-23 dated the 10th/11th March 1924 from the Deputy Commissioner, Hassan District, to the Revenue Commissioner in Mysore, Bangalore.

---

In continuation of my letter No. 223-23/H.C. dated the 22nd December 1923, I have the honour to state that no allotment for the current year has been sanctioned for this District on account of advances for the maintenance of restored major and minor tanks.

2. The seasonal conditions in the Channarayapatna and Arsikere taluks are not quite satisfactory. It has been brought to notice by the Executive Engineer that many tanks in these Taluks require immediate earth work. The Amildar of Arsikere Taluk reports that the raiyats of Kalnaikanhally and Chikkur Hiriyur villages in his Taluk who had been asked to do the earth work, pleaded inability to do it and pray that the work may be got done at the expense of Government, the cost being equally spread over five years and recovered as a loan. The total cost is estimated at Rs.2,500/-. For the above works and others which may have to be taken up eventually, I request that an allotment of Rs.8,000/- may be sanctioned for this District on account of advancing loans for the maintenance of restored tanks.

*Revenue Commissioner in Mysore.*

To

K.V. Anantaraman, Esquire, B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

SIR,

Adverting to correspondence ending with your letter No. 961/D. dated 15th April 1924 calling for statements of tank works proposed to be taken up in the Arsikere and Channarayapatna Taluks I have the honour to forward herewith the required statement showing the names of works in the two taluks, the estimated cost thereof, the assessment on the atchkat lands of each tank and the excess over the ryots' liability received from the Deputy Commissioner, Hassan District, with his letter No. H.C.223-23 dated 31st May 1924.

In another communication dated 26th May 1924, the Deputy Commissioner has written to say that rainfall in the said two taluks has during the last month been satisfactory, that there is now no necessity for date leaves being used for fodder, as green grass is becoming available everywhere and that he has therefore instructed the Amildars to withhold the issue of licenses to cut date leaves for the present. This instruction is stated to have become all the more necessary, as there were ~~land~~ loud complaints made at the recent excise sales by the toddy contractors that the yield of ~~kharr~~ trees went down greatly owing to the cutting of date leaves on a large scale

and

and that the cutting of new shoots just sprouting may lead to the death of the trees in another season.

In these circumstances, the Deputy Commissioner will be asked to take needful steps to get the maintenance works done by the ryots themselves.

I have the honour to be,

Sir,

Your most obedient servant,

For Revenue Commissioner.
